

September 9 to 11, 2026

Oral communication guidelines

**Proposal submissions will be open from 23rd March to 22nd April
2026**

- Oral communications consist of an oral overview of the presenter's findings accompanied by slides.
- Abstracts can be submitted via the Abstract Submission page at <https://www.uv.es/sepexbaps2026>.
- All submissions must follow the template available in the Abstract Submission page and be saved in PDF format before uploading.
- The scientific committee will select abstracts based on their quality and relevance to the conference.
- The scientific committee may ask the author to modify their submission to ensure relevance and quality.
- If the oral communication is not accepted due to schedule limitations, the scientific committee may offer the possibility of changing the submission from an oral communication to a poster presentation.
- Proposals must be in English.

Poster communication guidelines

**Proposal submissions will be open from 23rd March to 22nd April
2026**

- **Poster communications consist of a visual overview of the presenter's findings, with the presenter interacting with conference attendees.**
- **The poster itself must be in English, and the presenting author has to be next to their materials during the poster session.**
- **The Poster must adjust in a VERTICAL A0 format (80 x 115 cm).**
- **Materials to hang your poster will be provided by the organizing committee. We will inform you the exact times the posters must be hung beforehand.**
- **Abstracts can be submitted via the Abstract Submission page at <https://www.uv.es/sepexbaps2026>.**
- **All submissions must follow the template available in the Abstract Submission page and be saved in PDF format before uploading.**
- **The scientific committee will select abstracts based on their quality and relevance to the conference.**
- **The scientific committee may ask the author to modify their submission to ensure relevance and quality.**
